

Village Comparison Document

Retirement Villages Act 1999 (Section 74)

ABN: 86 504 771 740

This form is effective from 1 February 2019

Name of village: Bernborough Ascot

Important information for the prospective resident

- The Village Comparison Document gives general information about the retirement village accommodation, facilities and services, including the general costs of moving into, living in and leaving the retirement village. This makes it easier for you to compare retirement villages.
- The *Retirement Villages Act 1999* requires a retirement village scheme operator to:
 - provide a copy of the Village Comparison Document to a prospective resident of the retirement village within seven days of receiving a request
 - include a copy of the Village Comparison Document with any promotional material given to a person, other than through a general distribution (e.g. mail-out)
 - publish the Village Comparison Document on the village's website so that the document, or a link to it appears prominently on each page of the website that contains, or has a link to, marketing material for the village
- You can access a copy of this Village Comparison Document on the village website at www.retirementbylendlease.com.au/bernborough-ascot/
- All amounts in this document are GST-inclusive, unless stated otherwise where that is permitted by law.

Notice for prospective residents

Before you decide whether to live in a retirement village, you should:

- Seek independent legal advice about the retirement village contract – there are different types of contracts and they can be complex
- Find out the financial commitments involved – in particular, you should understand and consider ingoing costs, ongoing fees and charges (which can increase) and how much it will cost you when you leave the village permanently
- Consider any impacts to any pensions, rate subsidies and rebates you currently receive
- Consider what questions to ask the village manager before signing a contract
- Consider whether retirement village living provides the lifestyle that is right for you. Moving into a retirement village is very different to moving into a new house. It involves buying into a village with communal facilities where usually some of the costs of this lifestyle are deferred until you leave the village. These deferred costs when you leave your unit may be significant.
- Seek further information and advice to help with making a decision that is right for you. Some useful contacts are listed at the end of this document, including:
 - Queensland Retirement Village and Parks Advice Service (QRVPAS) which provides free information and legal assistance for residents and prospective residents of retirement villages. See www.caxton.org.au or phone 07 3214 6333.
 - The Queensland Law Society which can provide a list of lawyers who practice retirement village law. See www.qls.com.au or phone: 1300 367 757.

More information

- If you decide to move into a retirement village, the operator will provide you with a Prospective Costs Document for your selected unit, a residence contract and other legal documents.
- By law, you must have a copy of the Village Comparison Document, the Prospective Costs Document, the village by-laws, your residence contract and all attachments to your residence contract for at least 21 days before you and the operator enter into the residence contract. This is to give you time to read these documents carefully and seek professional advice about your legal and financial interests. You have the right to waive the 21-day period if you get legal advice from a Queensland lawyer about your contract.

The information in this Village Comparison Document is correct as at 20 August 2020 and applies to prospective residents.

Some of the information in this document may not apply to existing residence contracts.

General Services Charge: Residents pay this charge for the general services supplied or made available to residents in the village, which may include management and administration, gardening and general maintenance and other services or facilities for recreation and entertainment described at 7.1.

Maintenance Reserve Fund contribution: Residents pay this charge for maintaining and repairing (but not replacing) the village's capital items e.g. communal facilities, swimming pool. This fund may or may not cover maintaining or repairing items in your unit, depending on the terms of your residence contract.

The budgets for the General Services Charges Fund and the Maintenance Reserve Fund are set each financial year and these amounts can increase each year. The amount to be held in the Maintenance Reserve Fund is determined by the operator using a quantity surveyor's report.

Note: The following ongoing costs are all stated as weekly amounts to help you compare the costs of different villages. However, the billing period for these amounts may not be weekly.

The above General Services Charge amounts exclude the above Maintenance Reserve Fund contribution amounts listed.

The general services and Maintenance Reserve Fund budgets are prepared on the basis of 1 full year of operation. However, depending on the precise time for completion, the retirement village may operate for less than 1 full year of operation.

The scheme operator will subsidise the general services and Maintenance Reserve Fund budgets by paying the portion of General Services Charges and Maintenance Reserve Fund

contributions that are payable in respect of any units that are not yet occupied. The subsidy will be provided by the scheme operator until the relevant accommodation units are occupied by residents.

The General Services Charge and Maintenance Reserve Fund contributions will increase from time to time in the manner allowed under the Act.

The figures are based on the number of units anticipated to be constructed at the retirement village (i.e. 300 units).

The General Services Charge is calculated by dividing the initial annual contribution determined by the quantity surveyor by the number of units and then applying an adjustment factor depending upon the unit type. The Maintenance Reserve Fund contribution is calculated by dividing the initial annual contribution determined by the quantity surveyor by the number of units.

The General Services Charge and Maintenance Reserve Fund contributions are payable on a monthly basis, or such other period as notified by the scheme operator from time to time.

11.2 What other exit costs do residents need to pay or contribute to?	<input type="checkbox"/> Sale costs for the unit <input type="checkbox"/> Legal costs <input type="checkbox"/> Other costs:

Part 12 - Reinstatement and renovation of the unit

12.1 Is the resident responsible for reinstatement of the unit when they leave the unit?

Yes No

Reinstatement work means replacements or repairs that are reasonably necessary to return the unit to the same condition it was in when the resident started occupation, apart from:

- *fair wear and tear; and*
- *renovations and other changes to the condition of the unit carried out with agreement of the resident and operator.*

Fair wear and tear includes a reasonable amount of wear and tear associated with the use of items commonly used in a retirement village. However, a resident is responsible for the cost of replacing a capital item of the retirement village if the resident deliberately damages the item or causes accelerated wear.

Entry and exit inspections and reports are undertaken by the operator and resident to assess the condition of the unit.

12.2 Is the resident responsible for renovation of the unit when they leave the unit?

- Yes, all residents pay % of any renovation costs (in same proportion as the share of the capital gain on the sale of their unit)
- Optional, only applies to residents who share in the capital gain on the sale of their unit, and the resident pays 100% of any renovation costs
- No

Renovation means replacements or repairs other than reinstatement work.

By law, the operator is responsible for the cost of any renovation work on a former resident's unit, unless the residence contract provides for the resident to share in the capital gain on the sale of the resident's interest in the unit. Renovation costs are shared between the former resident and operator in the same proportion as any capital gain is to be shared under the residence contract.

Note from the scheme operator: Residents who select a **Base Contract (Participating)** or a **Prepaid Plan Contract** receive 100% of any capital gain and therefore pay 100% of any renovation costs. Residents on other contract options do not receive any share of capital gain and therefore do not pay any share of renovation costs.

Part 13 - Capital gain or losses

13.1 When the resident's interest or right to reside in the unit is sold, does the resident share in the capital gain or capital loss on the resale of their unit?

- Yes, the resident's share of the **capital gain** is %
the resident's share of the **capital loss** is %
OR is based on a formula (specify)
- Optional- residents can elect to share in a capital gain or loss option
the resident's share of the **capital gain** is 100%
the resident's share of the **capital loss** is 100%
OR is based on a formula (specify)

Note from the scheme operator:

- To participate in capital gain or capital loss, residents must select a **Base Contract (Participating)** or a **Prepaid Plan Contract**.
- 'Capital gain' is the amount by which the **Base Unit Price** exceeds the resident's ingoing contribution.
- 'Capital loss' is the amount by which the resident's ingoing contribution exceeds the **Base Unit Price**.
- '**Base Unit Price**' is defined above in part 11.1.
- Under a **Base Contract (Participating)**, the resident's entitlement to capital gain (if any) is offset by the exit fee and other amounts payable on leaving the village.
- Under a **Prepaid Plan Contract**, the resident's entitlement to capital gain (if any) is offset by any amounts payable on leaving the village.

No

Part 14 - Exit entitlement or buyback of freehold units

<p>Refundable Contribution Contract</p>	<ul style="list-style-type: none"> • the ingoing contribution

14.2 When is the exit entitlement payable?

- the day stated in the residence contract
 - ☒ which may range from 60 days to 18 months (or any shorter period of time required by law) after the termination of the residence contract, depending on your contract option and accommodation unit type

Note from the scheme operator:

*With the **Lendlease Change of Mind Guarantee**, if the resident changes their mind and leaves the village within the first 6 months, payment will be made 90 days after the resident leaves. Otherwise, the residence contract requires payment at the following times after termination of the residence contract:*

Base Contract (Participating)	18 months (or any shorter period of time required by law)
Base Contract (Non-Participating)	6 months after vacant possession (or, if the resident does not give vacant possession at the time required by the residence contract, 5 years)
Prepaid Plan Contract	18 months (or any shorter period of time required by law)
Refundable Contribution Contract	60 days (or, if the resident does not give vacant possession at the time required by the residence contract, 90 days)

- 14 days after the settlement of the sale of the right to reside in the unit to the next resident or the operator
- 18 months after the termination date of the resident’s right to reside under the residence contract, even if the unit has not been resold, unless the operator has been granted an extension for payment by the Queensland Civil and Administrative Tribunal (QCAT).

In addition, an operator is entitled to see probate or letters of administration before paying the exit entitlement of a former resident who has died.
